EUROHM

Conflict Mineral Free Sourcing Certification

Subject -

Conflict minerals (metals) are metals such as gold (Au), tantalum (Ta), tungsten (W), cobalt (Co), palladium (Pd) and Tin (Sn) derived from minerals being sourced from mines in Democratic Republic of Congo (DRC) conflict areas or surrounding countries which are controlled by non-government military groups, or unlawful military factions. Illegal mining profits by local military groups in the eastern DRC or surrounding countries are contributing to human rights abuses, environmental degradation, and theft from the country's citizens.

Certification –

We hereby confirm the parts we provide to ANGLIA, we do not purchase and refuse to use conflict minerals, or their derivatives that may directly or indirectly finance or benefit armed groups through mining or mineral trading in the Democratic Republic of Congo (DRC) or an adjoining countries.

Sincerely
9¦wh I a
