## Product/Process Change Notification PCN#: 5021006

This is an announcement of change to products which are currently supplied by ROHM.  
ROHM sincerely requires acknowledgment of receipt of this notification within 30 days of the date of this notice. Lack of acknowledgment of this notice within 30 days constitutes acceptance of the change.  
Your understanding and cooperation would be highly appreciated.

Issue Date: 2021,5,25

Title of change	
Request for conversion of products using CREE chips to products using in-house chips	
Identification of change	
Management by model name ⇒This is a change from the current model name for both similar and equivalent products.	
Detailed description of change	
Before  CREE chip	After  in-house chip
Affected product(s)	
Manufacture part number	Customer part number
Attached is a separate sheet.	Attached is a separate sheet.
Reason for change	
Since there is no prospect of resolving the supply problem of CREE chips Therefore, we would like to propose a change to a chips manufactured in our factory with similar characteristics.	
Anticipated impact on form, fit, function, quality or reliability	
All of the products that we propose using in-house chips will comply with the same reliability test evaluation items as the current products. All of the proposed products using ROHM chips will be transferred to mass production in compliance with the same reliability test evaluation items as the current products, and the products will be supplied.	
Planned date for change	
Attached is a separate sheet.	
Qualification plan schedule, results and samples	
If required, please contact your local ROHM sales office.	
Comments	
Depending on the development status of our chips, we will classify the changes into four categories and proceed. ① This is a switch to a product that has already been mass-produced. Samples are available at any time. ② Development product A Product with the same PKG and land pattern: We will start up according to the development schedule. ③ Development product B: Same land pattern, but different PKG structure: We will start up according to the development schedule.	
Supplier contact	

After acknowledgement of the customer, lack of additional response within 90 day period constitutes acceptance of the change according to JEDEC Standard J-STD-046.
