

## Product Change Notice

PCN#: EE-PCN23027

December 21, 2023

### CLASSIFICATION OF CHANGE:

Material Change.

### DESCRIPTION OF CHANGE:

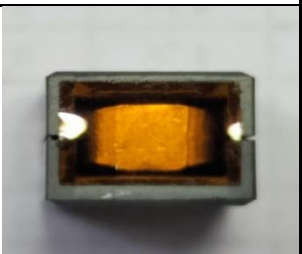

Replace top surface Kapton tape with white label tape.

### REASON FOR CHANGE:

The white label tape is thicker and flatter compared to the Kapton tape and therefore improves pick and place capability.

### EXPECTED INFLUENCE ON QUALITY, RELIABILITY, AND PERFORMANCE:

There is no change to form or fit. Mechanically, the white label tape improves pick and place function. There is a change in appearance to the top of the inductors.

Part	Kapton tape (current)	White label tape (new)
