

Notification of Production Site Change

Dear Valued Customer,

We extend our sincere gratitude for your continued support of Panasonic. Your loyalty and dedication to Panasonic products have been vital to us.

After thorough consideration and evaluation, we would like to inform you that some of the production of JX, KX, and TX series of Conductive Polymer Aluminum Electrolytic Capacitors (SP-Cap) will be changed to be produced both in Japan and Indonesia. We assure you that the specifications of the products will remain consistent.

We understand that this decision may cause inconvenience, and we apologize for any disruption it may bring to your operations. Our team is committed to minimizing any potential impact and assisting you throughout this transition.

Below are the details of the affected products:

Affected Product	Please refer to the attached file
Reason for Change	To ensure supply stability
Production Site(s) Before Change	Device Solutions Business Division Uji (Japan)
Production Site(s) After Change	Device Solutions Business Division Uji (Japan) PT. Panasonic Industrial Devices Batam (Indonesia)
Schedule	From April 1 st , 2026

We encourage you to reach out to us with any questions or concerns you may have regarding this announcement. Your satisfaction remains our top priority, and we are here to support you in finding suitable alternatives or addressing any challenges you may encounter.

Thank you for your understanding and continued partnership as we navigate this change together.

Best regards,

Yuta Amiuchi
