

PI/DIN Power/07/30/AB

Product range: **DIN Power**

Date: 03/08/07

Page 1/1

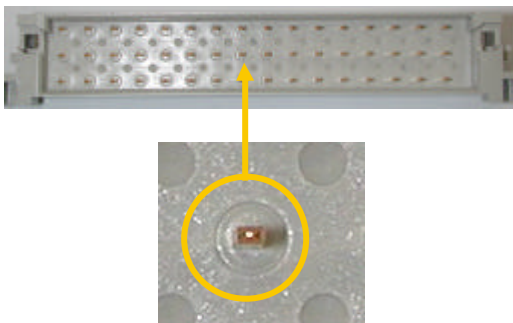

Title: **DIN power interface connector type E**

Dear Ladies and Gentlemen,

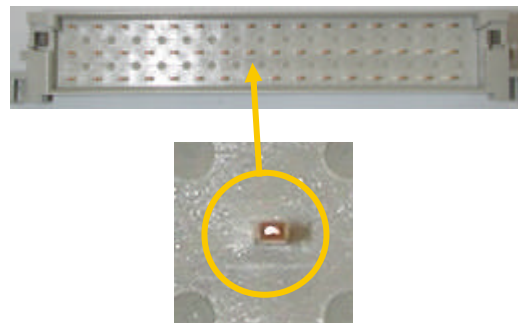

Please note, that we have changed the design of our DIN power interface connector part number: 09 05 048 6924.

Improvement in our production process and reduced requirements of flux denseness this allows us to offer the version without additional coining (see picture).

Former design

New design

If you have any questions, please do not hesitate to contact me or Kevin Canham (01604 827513 – Product Marketing Manager)

Kind regards
Doreen Sanderson
