

PRODUCT CHANGE NOTIFICATION

POWER TVS DIODES

Bourns® Power TVS Diode

Change to Wafer Size and Process Sequence

Riverside, California – September 24, 2019 – In order to support our fast growing demand and secure continuity of supply for our customers, the Bourns® Power TVS Diode products listed below will now be built on 6-inch wafers instead of 5-inch wafers. This change in the size of the wafer and process steps will improve manufacturability of the affected products. There will be no change to the form, fit, function, quality or reliability of the products.
