Changes to Select Part Numbers in the Bourns® Model 5200 Hash Choke Series

Bourns is announcing the following changes to six part numbers in the [Model 5200](#) Hash Choke Series. The affected part numbers are listed in Table 1.

- 1) **Manufacturing Location:** Production is being transferred from Guangdong, China to Xiamen, China to help streamline the production process.
- 2) **Materials:** The core material currently being used on these chokes will be discontinued. An equivalent replacement material will be used to produce the series. The magnetic wire insulation thermal class will be upgraded from 155 °C to 180 °C. Other materials will be adjusted accordingly, as well.
- 3) **MOQ/Mult:** As a result of this change, the Minimum Order Quantity (MOQ) / Multiples quantity (Mult) will be affected. For your convenience, Table 1 shows the differences in quantity.

Table 1

Affected Part Numbers	MOQ / Mult	
	Current	Revised
5240-RC	400 / 50	592 / 148
5250-RC	400 / 50	520 / 130
5252-RC	400 / 50	240 / 60
5254-RC	400 / 50	272 / 68
5256-RC	400 / 50	168 / 42
5258-RC	400 / 50	240 / 60

There will be no change to the fit, function, quality or reliability of the choke. However, the form (wire color) of the component will change from clear to brown.

Implementation dates are as follows:

*Date that manufacturing of existing products will cease: **December 3, 2016***

*Date that deliveries of modified products will begin: **December 4, 2016***

*First date code using the above changes: **1650***

Product samples are available upon request.
