

Visual Appearance of Production Cree® XLamp® CXB1310 and CXB1520 LEDs

PCN-CM085

Announcement Date: June 14, 2016

Implementation Date: Immediately

This notification applies to the following Cree product series:

CXB1310-xxxx-xxxxxxxxxxxx

CXB1520-xxxx-xxxxxxxxxxxx

No customer action is required.

CHANGE DESCRIPTION

Cree will begin shipment of production XLamp® CXB1310 and CXB1520 LEDs. The pictures below reflect the appearance of the pre-production XLamp CXB1310 and CXB1520 LEDs and the production LEDs that were qualified. The solder pads are gold and the traces are visible. The production XLamp CXB1310 and CXB1520 LEDs meet the product specifications stated in their data sheets, each of which will be updated with a picture of the qualified product.

IMPACT OF CHANGE

Beginning immediately, Cree will begin shipment of production XLamp CXB1310 and CXB1520 LEDs.

No customer action is required.
