RE: Communication Letter of Littelfuse TPSMB series Capacity Expansion

To our valued customers,

Littelfuse is glad to announce the completion of our capacity expansion project of TPSMB series in Wuxi plant.

The new capacity is with consolidated process stations, we will be able to support our customers with better production capacity and also improve the Lead Time.

There is no change on the BOM (Bill Of Materials) and product specification, and also not FIT, Form Function change.

Littelfuse will start to ship the goods from the new capacity from **Sept. 15th 2018** on, meanwhile our existing capacity of TPSMB in same facility is also running, and will keep running together with new capacity.

This communication package is for your information and acknowledgement. If you any enquiries please contact Littelfuse® **within 30 days** of the notification date.

If you have any other questions or concerns, please contact your Littelfuse® local sales office.

We value your business and look forward to assisting you whenever possible.

Best Regards,
Charlie Cai
Product Manager Automotive and Hi-Rel TVS
