

08 November 2024

Dear Customer,

Re: Obsolescence notification for Harwin product.

Please be advised that the following ranges are now obsolete with immediate effect:

- G125-XWXXXXXX94

All affected part numbers from this range have been replaced with a new longer part number. The parts will be identical; only the part number has been replaced.

- G125-XWXXXXXAA94XX

Please see the next page for a detailed list of currently affected items and their replacement part numbers.

This change in the part numbering system has been introduced to allow for a wider range of options for this range. Once existing stocks of the previous part numbers have been depleted, all new orders will need to use the replacement numbering system.

If you have any further questions regarding this letter, please do not hesitate to contact us.

Yours faithfully,

The Product Change Team

support@harwin.com
