

12 March 2020

Product Change Notice

Type of Change: End of Life Material Change
 Facility Change or Addition Process Change
 Design Change Other

Part Series Affected: R2 Series Heatsinks

Effective Date: March 12 2020

Date Last Time Buy: March 31, 2020

Date of Last Time Shipment: N/A

Recommended Replacement: N/A

Due to low usage, high minimum production requirements, and date code restriction limits, select Ohmite R2 Series heatsinks will be discontinued starting March 12, 2020. Ohmite will hold our remaining inventories on these 4 parts until March 31, 2020 at which time they will be scrapped. Customers requiring these 4 parts are welcome to purchase them if Date Code restrictions are waived. Marginal solderability is the only possible issue with these older parts. The R2A-CT4-38E and R2V-CT4-38E (designed for TO-247 packages) remain popular and Ohmite will continue to support them.

List of discontinued parts:

R2A-CT2-38E

R2V-CT2-38E

R2A-CT6-38E

R2V-CT6-38E

Best Regards,

Brandon Metzger
Marketing Manager

CC: Kirk Schwiebert
Director of Product Development
