**Switch to IX61G2 due to discontinuation of IX61G series**

We are writing today to inform you that we will make some changes as shown in the subject for the reason described below.

We will announce them in advance.

1	Products	IX61G series *Please refer to the attachment 1 for detailed product names.
2	Substitute proposal product	IX61G2 series *Please refer to the attachment 1 for detailed product names.
3	Classification of change	Discontinued sales.
4	Changes	The following changes have been made to the successor product, the IX61G2. 1. Key Strength Enhancement 2. Enhanced withstand voltage between signal and shield ( DC2,250V 1 minute)  These changes will not affect the performances of the product. Please refer to the attachment 2 for details.  In addition, the IX61G and IX61G2 are compatible, so your current plugs can be used without modification.
5	Reason for change	This is to improve product functionality.
6	Date of final reception of orders for the applicable product	January 31,2025
7	Date of the first reception of orders for the substitute proposal product	Already started selling.
8	Date of final shipment of the applicable product	March 31,2025
9	Date of your acknowledgement	By December 27,2024

Due to unavoidable circumstances such as future material supply conditions, orders for the applicable products may be terminated without prior notice prior to the final order acceptance date.

We apologize for the inconvenience, but we kindly ask that you please inform our sales representative as soon as possible of your approval.

Please note that if we do not receive a response by the approval date, we will assume that your approval has been received, and if you receive an order for the applicable product after the final order acceptance date, we will not be able to accept your

If you should have any questions, please feel free to contact a Hirose business representative.  
Your understanding and cooperation are highly appreciated.
