

Product Discontinuation Notice

To: All concerned
 From: Ignacio Alava
 Date: July 09th, 2024
 No. of pages 2
 PCN-Ref. No.: Discontinuation of N6 packaging types T1, T2, T3, T4

Piher Sensing Systems, as part of our ongoing efforts to streamline its production processes and enhance the overall efficiency of operations, has made the decision to adjust its offerings.

After careful consideration and evaluation, we have identified certain product variations with little or no demand that are not aligning with our strategic objectives. Therefore, we are discontinuing some N6 packaging types. **The N6 series are not being discontinued, only some packaging types are being removed.**

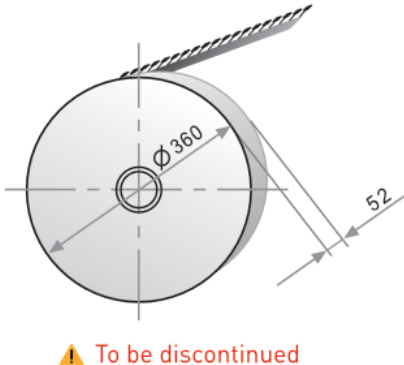

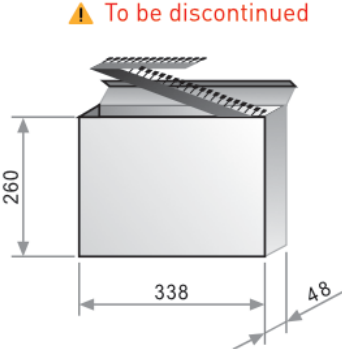

We are offering a "Last Time Buy", allowing you to purchase these products one final time before they are phased out completely.

Once the final order placement deadline has passed, these products will no longer be available for purchase.

Reason for discontinuation: little or no demand.

AFFECTED PARTS:

- N6 series with packaging types T1, T2, T3, T4

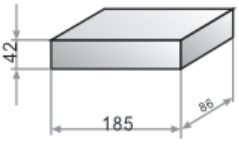

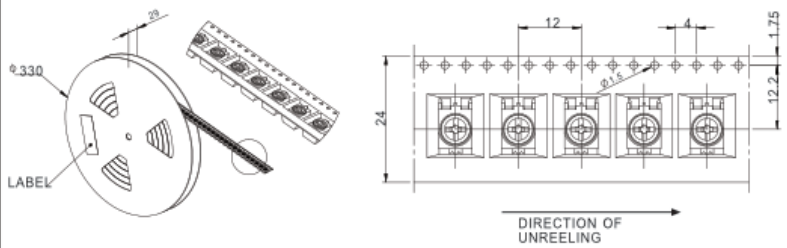

T1/T2 - Reel	T3/T4 - Ammopack
S: 1.000 units/reel; L: 750 units/reel	S: 1.000 units/box; L:750 units/box
	

LAST TIME ORDER DATE: 23rd July 2024

Orders will not be accepted after this date and are subject to Minimum Order and Package Quantities.

LAST TIME SHIP DATE: 31st December 2024

SUGGESTED REPLACEMENT: Packaging types T0 or T8. If you need help cross-referencing, please contact us.

T0 - Bulk	T8 - Embossed Tape with sticker
500 units per box	750 units/reel
	

We thank you for your understanding and your continued support.

Sincerely,

Ignacio Alava
Commercial & BD director
