have casings that are made from nickel-plated steel. For the exposition to nickel no safe-harbour level is given in California Proposition 65, officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986. Therefore the following warning must be given to customers in the State of California:

"WARNING: This product can expose you to chemicals including nickel, which is known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov."

The warning must be given together with a triangular yellow warning symbol.

This includes assembled battery versions of these types. Please refer to the respective Safety Data Sheets (MSDS) as the supporting documents.
