

Declaration of PFAS

Dear Customers,

Firstly, thank you for your great support to our company as always!

Per- and Polyfluoroalkyl Substances(here inafter referred to as PFAS)consists of thousands of substances with persistence, long-distance migration, toxicity, and bioaccumulation. Relevant evidence shows that PFAS causes global pollution to the environment, wildlife and humans, accumulates in the human body and poses a direct threat to human health, and that PFAS pollution is exacerbating the biodiversity crisis. The harm of perfluorinated compounds to humans and the environment has attracted wide attention from relevant countries and international organizations, and more and more perfluorinated compounds are included or will be included in the regulations.

As a global leading manufacturer in Relay, Hongfa is committed to protect environment and complies with applicable environmental regulations. In line with this commitment, Hongfa actively learns PFAS (Official website link: <https://comptox.epa.gov/dashboard/chemical-lists/?search=pfas>) about EU REACH Regulation and US EPA TSCA Section 8(a)(7)(Official website link: <https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/tsca-section-8a7-reporting-and-recordkeeping>) ,has implemented value chain due-diligence effort with its global suppliers.

It has been confirmed that PFAS was not intentionally added or used in the supply chain of Hongfa. This declaration letter certifies the PFAS substances of below listed parts manufactured by <Xiamen Hongfa Electroacoustic Co.,Ltd. >Compliant with the EU REACH Regulation and US EPA TSCA Section 8(a)(7).

In the future, Hongfa will continue to pay attention to the latest situation of PFAS.

See product list.
