

CERTIFICATE OF COMPLIANCE: **PFAS of Concern**

Per- and polyfluoroalkyl substances (PFAS) are a diverse group of human-made chemicals used in a wide range of consumer and industrial products. PFAS do not easily breakdown. Keystone Electronics certifies that most parts supplied by us contain no PFAS, and reasonable steps have been taken to insure that these parts furnished by Keystone Electronics are not contaminated with PFAS compounds with exception to PTFE insulated terminals and Pin. Below is the list of components that may contain PFAS.

PTFE Insulated terminal & Terminals Part Number List (Contain PFAS)

11001(-R & -B) thru 11016 (-R & -B), 11065 thru 11076, 11100 thru 11116, 11150 thru 11160, 11216, 11217, 11218, 11350, 11251, 11300 thru 11312, 11351 thru 11364

For the latest version of the PFAS Substance of Concern List, please refer to
