SCHURTER AG is renowned for its commitment to environmental protection – as early as in 1996, we were among the first companies to receive the certification for our environmental management system according to ISO 14001. We have issued two SCHURTER Sustainability Reports, which summarize what we have done and how we have shaped up in the field of economic, social and environmental corporate management. The latest report is available on our web site www.schurter.com
